

Give back to the community that gives so much to you

Corporate Social Responsibility events, powered by PackHope, are a fun and philanthropic way to engage employees, volunteers, team members or any group. Our turnkey kit packing events are designed to make it easy to support the needs of the local community, drive engagement, boost your brand and give back.

The Benefits

- | Planning, set-up and execution of your event is seamless
- | Select from a wide variety of foods, snacks, beverages, health & beauty and non-food items for your kit menu
- | Providing a higher level of quality, nutrition, logistics expertise and efficiency at a better cost
- | Events are fully customizable so you can give back in ways that truly meet the needs of your community

- ✓ Trash and/or Recycling Bins
- ✓ Tables for assembly
- ✓ Volunteers / Employees
- ✓ Branded Items (if desired)

Event Day

This sample layout is designed to demonstrate what to expect for the set-up and flow of an event. Our PackHope team will provide you with a tailored plan for your event.

EVENT SET UP

- 1 Set up each table with a designated station for each item in your kit.
- 2 Stack the boxes or pallet of each item together so you can replenish the product easily as you pack the kits.
- 3 Assign team members to specific stations.

KIT BUILDING

- 1 Bag station opens the bag for the first item. Pass down to the next station.
- 2 Each station adds their item (or items) and passes the bag down the line.
- 3 Quality Control checks to ensure each bag contains all of the items in the kit menu. Pass down to the Box Packing Station.
- 4 Box Packing Station puts the bags in the boxes, adheres the label to the outside of the box, and tapes it closed.
- 5 Pallet Packing station loads each box on the pallet. Once a pallet is full, shrink wrap, move and bring in an empty pallet.
